Guide for Order Editor for Magento 2

Streamline order management with the Order Editor for Magento 2. Customers can now edit orders after placement, without cancellation.

- Edit orders after registration (Pending, Processing, and other statuses)
- Updating of key order details: products, addresses, payment, delivery, and discounts
- Automatic recalculation of totals, taxes, and shipping costs
- Simple frontend interface for easy order editing
- Set a timer for order edit
- Track all changes with email notifications

Please note that this module works only for stores with the **Payment Action set to "Authorize"** in the *Payment Method settings*. If the payment action is set to "Authorize and Capture", *order editing is not supported*, as the payment is already captured and cannot be adjusted.Learn more about payment actions here.

General extension settings

Extension configuration is located at Stores \rightarrow Settings \rightarrow Configuration \rightarrow Amasty Extensions \rightarrow Order Editor

General Settings

Enable Order Editor	Var					
[store view]	Enable this setting to allow customers to make edits to their orders. Please note that editing is only available for orders in the 'New' or 'Processing' states.					
Editable Statuses [global]	Pending					
	Processing					
	Suspected Fraud					
	all or leave blank to allow editing in any status.					
Time Frame for Editing (in Min) [global]	60					
	Specify the time period after placing an order during which customers can enter order editing mode and make changes.					
Editing Time Countdown (in Min) [store view]	15					
	Specify the time period during which, after proceeding to Checkout, the order will remain in the 'In Editing' status and be available for editing. If no changes are saved within the specified time, editing wil be canceled, and the order will revert to its previous status. (Note: the minimum value is 5 minutes.)					
Order Edit Comment for Customers [store view]	If the order was edited, your previous payment will be canceled, and the refunded amount will be returned to your original payment method shortly.					
	Specify the text that will be displayed in customer accounts for					

orders that were edited.

Enable Order Editor - Select Yes to enable this module.

Editable Statuses - Orders with the selected statuses will be available for editing. Select all or leave blank to allow editing in any status.

Time Frame for Editing (in Min) - Specify the time period after placing an order during which customers can enter order editing mode and make changes.

Editing Time Countdown (in Min) - Specify the time period during which, after proceeding to Checkout, the order will remain in the 'In Editing' status and be available for editing. If no changes are saved within the specified time, editing will be canceled, and the order will revert to its previous status. (Note: the minimum value is 5 minutes.)

Order Edit Comment for Customers - Specify the text that will be displayed in customer accounts for orders that were edited.

The countdown begins as soon as the customer enters edit mode. A pop-up will appear 60 seconds before the timer expires, prompting the customer to either confirm exit or extend the session.

extended, the timer resets and starts a new countdown based on the **Editing Time Countdown (in minutes)**.

Admin Notification

Go to Stores→ Settings → Configuration → Amasty Extensions →Admin Notification .

2025/06/17 19:47	5/7	Guide for Order Editor for Magento 2
Admin Notification		$\overline{\bigcirc}$
Send Order Change	Yes 💌	
[store view]	If this setting is enabled, emails will be sent via the MessageQueue consumer "amasty_ordereditor.email.send".	
Order Change Email Template [store view]	Order Changed (Default) 🔻

Order's Statuses

To see orders available for edition go to **Sales** \rightarrow **Orders**.

Orders

Search by keyword			Q			Tilters O Default View - 🌣 Columns					
Actions								20) •	per page	<
	D	Purchase Point	Purchase Date ↑	Bill-to Name	Ship-to Name	Grand Total (Base)	Grand Total (Purchased)	Status	Action	Allocated sources	Available for Editing
	00000007	Main Website Main Website Store Default Store View	Jun 16, 2025 2:14:34 PM	Veronica Costello	Veronica Costello	\$388.52	\$388.52	Pending	View		Yes
	00000005	Main Website Main Website Store Default Store View	Jun 5, 2025 10:17:10 AM	Veronica Costello	Veronica Costello	\$113.91	\$113.91	Pending	View		No

"Available for Editing" column displays orders marked as Yes/No, indicating whether a specific order can be edited.

Yes - Orders with editable statuses and a creation time within the specified Time Frame for Editing (in Min).

No = all other orders.

The status In Editing will be applied to orders when the customizer makes edits.

How it looks on the storefront:

How Customer can edit order from Account:
